AROUND the TOWNSHIP

Mrs. Sybil Tynan Tucker is having a high old time down in Hollywood, according to an opus she sent us this week. Her son has appeared in a movie and she is expecting to get work with a radio station, she says.

Of her trip south by train we quote her letter: "There were a lot of nice people on the trip down and we all enjoyed it. I was the one to entertain and was presented with a beautiful rose."

The California Nursery Co. offict is about eight feet deep with catalogues and pamphlets which it is mailing out these days in preparation for the coming season. Every piece of its attractive literature carries the name of Niles. Good advertising for the town.

Determination of the Irvington Junior Chamber to bring a cannery to Irvington is certainly to be commended. We believe that the group has concentrated on the one most important service that it can do its community. With such young men Irvington deserves to prosper.

We see by the news dispatches where the owner of a small factory, harried by taxes, mounting costs and the demand by his employes for more wages has deeded his entire layout over to the employes' leaders and told them to run it. Employes who make extravagant demands don't realize what a hard job the management has and that no one will manage an enterprise if he cannot make something for himself.

Hundreds Attend Funeral Services For Miss Sandboldt

CENTERVILLE— Hundreds of friends from Washington Township and the Bay section gathered at the auditorium of the Washington Union High School yesterday afternoon to pay final tribute to Miss E. Marie Sandholdt, one of the most popular teachers ever known in this community. Miss Sandholdt passed away at a San Francisco hospital late Tuesday afternoon after an illness with which she was stricken upon her arrival home from a Summer's tour of Europe with her sister, Miss Lillian Sandholdt of San Francisco. Surviving also is another sister, Mrs. John T. Haggerty of Berkeley.

Services had been planned for the Chapel of the Palms but were transferred to the high school to accommodate the crowds which gathered to honor the deceased who had been a member of the high school faculty for 30 years.

Six of her former students acted as pall bearers, Judge Allen G. Norris, E. J. Pimentel, Frank Katzer, Earl Hellwig, Edmund Scott and Erle Hygelund. Honorary pall bearers were representatives of the Girls League, Jane Stanhope, Marian Ziegler, Cecil Harrold, Laura Escobar, Anita Lagorio and Yvonne Vieux. Vocal numbers, "Lead Kindly Light" and "Good Night" were sung by Miss Antoinette Botelho.

The casket was borne to the grave in the Irvington Odd Fellows Cemetery between massed groups of high school students standing as a guard of honor.

Miss Sandholdt was born in Centerville where she had spent all her life. She was the daughter of the late Judge and Mrs. Samuel Sandholdt. She was a member of the Country Club of Washington Township.

Last year she completed a handbook for Washington Union High School and had served as representative of that institution at many conferences and educational meetings. For several years she had acted as vice-principal and prior to assuming a position on the high school faculty had taught for two years in the elementary schools.

Niles Chamber Members Want Action Regarding Two Canyon Bridges

NILES—Those attending this week's meeting of the Chamber of Commerce seemed to think something ought to be done about the bridges in Niles Canyon, in spite of the letter received last week from the State Hghway Department saying that the bridges couldn't be repaired because the highway was going to be re-built on the north side of the canyon, thereby eliminating need for brdges.

Niles and vicinity is losing money by the fact that the bridges in the canyon won't carry a normal truck load of products. Judge J. A. Silva in speaking to the point said he had three suits pending in court in which truck drivers had been arrested and cited to appear for violation of the State Vehicle Code prohibiting certain loads on posted bridges. Companies which these drivers represent have written to the court, pleading guilty, but stating that they were in ignorance of the fact that the bridges were posted and that hereafter they would route their trucks via the Dublin Canyon through Hayward or over the Mission Hills and points south.

This not only works a hardship on the concerns transporting goods since the Niles Canyon is the only water-level route from the interior to the Bay section but adds to traffic hazard over highways with grades such as are found on the Mission Hill road and in Dublin Canyon. Besides that, local merchants sell less gas, fewer lunches and First Street garages miss occasional chances for repair jobs.

Judge Silva is frank to state he doesn't know just what disposition he will make of the cases filed against the truck drivers for over-loaded trucks. "If a man buys his license, pays his tax and wants to haul an average load of products along the highway, the State is obligated to furnish safe bridges," the Judge said.

HIGH PLAYS FIRST GAME THIS AFTERNOON

CENTERVILLE — Washington Union High School plays its first league game with the Santa Clara Valley Athletic League at the field here this afternoon at 3 p. m. Due to the fact that Norman Ahm, 195-pound first string tackle and reserve fullback is definitely out of the game with an injured knee suffered in the practice game two weeks ago with Pleasanton and that this is the first meeting with the new league, Coach Jud Taylor considers the outcome a toss-up.

The visiting team is from Santa Clara High School and the starting line-up for Washington is as follows:

LE, Bud Mellow; LT, Elwin Gaunt; LG, Sidney Gaunt; C, Julius Pine; RG, Norman Luna; RT, Laurence Leal; RE, Cy Solon; Q, Ritchie Inouye; RH, Don Costa; LH Yoshio Kakimoto; F, Paul Rivers.

Kimber Suggests Way To End Hazard At New Fast Highway Crossing

NILES—The first practical suggestion as to how to eliminate hazards of highway-crossing for South Niles school children was made by J. E. Kimber at the Monday luncheon meeting of the Niles Chamber of Commerce. Kimber suggested construction of a pedestrian over-pass with ramps at either end at the intersection of the new highway and the road leading into Niles near the Schuckl Cannery.

After a presentation by Principal E. D. Bristow of the hazard suffered by 50 or more school children and other pedestrians crossing the four-lane high-speed highway in ordinary conditons and particularly during foggy weather, Kimber presented a detailed suggestion for the over-pass. Due to the fact that there would be a negligible amount of weight crossing the structure and that it need not be more than four or five feet wide, it was estimated that the cost would not exceed one or two thousand dollars.

"Safety of pedestrians is as important as safety of motorists," one member stated in urging action to eliminate the highway-crossng hazard of pedestrians.

Masonic Home News

by JAMES H. HEATH

MASONIC HOME — An item of news to masons and all loyal friends of the two masonic homes, at Covina and Decoto to be announced at next week's gathering of the grand lodge in San Francisco, is the attainment of the "Honor Mark of One Million Dollars" for the endowment fund. Judge Frank M. Smith of Los Angeles, chairman of the Masonic Homes Endowment Board and his associates will be showered with congratulations.

The Decoto Home electors registered a 100 per cent affirmative vote in the recent Decoto Sanitary District election.

Veteran members of the fraternity can hardly believe that the grand lodge visitation to the home will be on Monday, Oct. 11 instead of in the middle of the annual communication week.

All members of the home family should not fail to get a look at the wonderful table just completed by Walter Lynch, home cabinet maker. It will soon be on the way to Dixie Land to the home of a Scottish Rite mason by whom it was ordered after the broadcast of Walter's table achievement of the 1936 grand lodge. There are over 11,000 pieces of wood in it.

Mrs. Ebright Urges Parents To Help In Irvington Campaign

CENTERVILLE—Mrs. O. W. Ebright, public health nurse, is urging parents of all children from six months to six years of age to take advantage of special rates being offered by local physicians in the immunization for diphtheria campaign in force until the 15th of this month. Doctors will give the injections, toxoid being provided by the Alameda County Health Department, during this time for $1 per injection, two being recommended. The regular fee is $5 per treatment.

Due to the fact that diphtheria is particularly prevalent among children six years of age or younger, it is especially desirable that those of this age be given the immunization.

According to Dr. I. O. Church, county health officer, diphtheria is still a disease to be considered seriously by all health departments and by parents of children who are susceptible to the disease. Much consideration has been given to immunization against diphtheria in this state for the last ten or fifteen years. Because of this, large numbers of children have been immunized, and in many communities this has been done to the extent that diphtheria cases are quite rare.

However, there has been one fact concerning diphtheria which gives us considerable worry at this time. Because the disease is rare, many persons are careless in making early diagnoses of the disease. It has been the experience of the health department recently that children are often allowed to suffer several days with illnesses known as sore throats. Many of thee are later diagnosed as diphtheria, and often the diagnosis is made after the greatest damage has been done. At this season of the year, we are finding a number of cases of children who have eben sick at their homes for two to seven days when the parents thought it was nothing more serious than a sore throat, and in several cases the diagnosis has been made too late to save the child' life. It is important, therefore, that every sore throat be considered serious, and that steps be taken immediately to determine whether or not the disease is one of diphtheria. The treatment of diphtheria cases depends for its success upon early diagnosis and early treatment with diphtheria anti-toxin. If this is not done during the first day or two, the child has much less chance of recovery. It is because of these dangers that are so easily over-looked that health departmests continue efforts to have children immunized against the disease.

The Alameda County Health Department conducts a campaign once each year to encourage immunization of susceptible children and stresses particularly children of pre-school age because it is in this group that most cases occur. The physicians of the rural portion of the county are cooperating with the health department and will provide the immunization treatment at their offices at a reduced fee during the two-week's period from October 1 to 15. If parents will cooperate by taking their children to their own physician during this time, we will be able to protect a large number of those living in our community.

FARM BUREAU HOLDS PICNIC

MISSION SAN JOSE—An old-fashioned family picnic for members of the Alameda County Farm Bureau and their families and friends was held at Linda Vista Park at Mission Sas Jose on Sunday. Contests ranging from weight throwing contests for the men to slipper-kicking prowess demonstrated by the ladies made up the afternoon program followed with dancing, old and new steps and some others being in evidence.

Walter Block, county president; A. E. O'Donnel, secretary; A. Neil McArthur, Mashington-Eden Center president; and Paul Dougherty, agricultural teacher at Washington Union High School were among the leaders. Approximately 400 were present.

On Sunday and Monday, a change in the regular program has been arranged. Instead of "Big City", as scheduled on the monthly programs, there will be "That Certain Woman" with Bette Davis and Henry Fonda. Bith Miss Davis and Fonda are in the forefront of the cinemas dramatic actors.

Wednesday and Thursday will see the appearance of an extra special film, "The Good Earth" with Paul Muni and Luise Rainer. The show is made from Pearl Buck's famous novel and the story is told powerfully and with dramatic restraint.

Mrs. C. E. Anderson Heads Country Clubs Ways and Means Groups

CENTERVILLE—If you want to enjoy a trip to Europe take a freighter across the ocean, buy or rent a bicycle and see the country. This is the advice given by Dr. Gerald Kennedy of San Jose who addressed the Country Club of Washington Township Tuesday afternoon. The first time he gave the talk on "Bicycling Through Europe" it proved so popular that he has been asked to repeat his discourse scores of times. His presentation in a graphic and humorous manner proved highly entertaining.

The speaker was introduced by Mrs. William Mette, chairman of the program for the afternoon. Musical numbers were furnished by Mrs. Lida Gregory Jackson of San Jose who has proved a popular vocalist on several occasions. Hostesses for the afternoon were Mrs. C. E. Anderson, Mrs. Allen G. Norris, Mrs. Alwin Searles and Mrs. Jack Klein.

F. J. Thomas Signs Up 15 Members For New Chapter Of Purple Heart

DECOTO — Fifteen charter members of the Military Order of the Purple Heart have been signed up by Frank J: Thomas, chairman of organization for a new chapter in Southern Alameda County. It is hoped that the charter will be received in time for the group to participate in Armistice Day ceremonies.

Those who have signed for membership to date include Joseph E. Furtado of Niles, Frank Thomas of Decoto, Antone Rogers of Centerville, Joseph Correira of Oakland and the following from Hayward: Robert L. Emerick, John Perry Martin, Manuel T. Mendonca, Robert Pomeroy, Dean Peterson, Dell Frank Brennen, Frank Rathmanner, Joe P. Lorensen, Steve Skinos, Fred W. Rue and Joe Witsell.

The Military Order of the Purple Heart is an organization of veterans of the wars of the United States who have received the Order of the Purple Heart, the Badge of Military Merit, established at Newburgh, August 7, 1782, during the War of the Revolution, by George Washington. The insignia is a purple metal heart bearing the picture of Mashington on the back.

The organization was founded at Ansonia, Conn., Sept. 21, 1932, when 26 World War Veterans were made charter members. The objects of the organization are to preserve and strengthen comradship among its members; to assist worthy comrades, to perpetuate the memory and history of the dead, to maintain true allegiance to the government of the United States of America and fidelity to its constitution.

It is the only national organization in the United States composed exclusively of veterans who have been wounded in action under conditions which entitle them to wear a wound chevron or who were awarded Meritorious Citation Certificates by the Commender in Chief of the A. E. F.

The Purple Heart is the first military decoration given in the United States and is second only to the Cross of St. George of Russia.

The first medal of this order was given to one Daniel Bissel of Connecticut who enlisted in the War of the Revolution when 24 years of age. In August, 1781, he was listed as a deserter and on May 3, 1873, he was given the Badge of Military Merit for services performed for his country behind British lines. To give verisimilitude to his service as a spy, Bissel was written down as a deserter in his regimental muster roll. To increase his usefulness he had enlisted in the British army and ironically enough found himself in the very regiment given to Benedict Arnold for his "services to the King."

The Purple Heart was originally made of silk, fringed with lace. The first insignia may be seen on the sleeve of a faded blue tunic in a cabinet in an Exeter, New Hampshire, museum.

HISTORICAL SERVICE AT NEWARK

A historical service was held in Newark Sunday night combining the four Presbyterian churches in the township. Those represented were Centerville, Alvarado, Irvington and Newark. Each church will hold a historical service of their own. Irvington, on October 10; Centerville, October 24; and Alvarado October 17.

A fine program was given. Dr. W. Clyde Smith a charter member attended and read about the beginnings of the church. The Newark Presbyterian Church was founded in 1894. Mrs. Muller introduced the early members of the church. Mrs. Franklin Brown gave a history of the Sunday School. Mr. Grace introduced some of the early workers who were present, and gave a history of the Christian Endeavor. Mrs. Scott introduced the children and the grand children of the early members that were present. Then she made a talk on the Women's Missionary Society and the Ladies Aid. Pictures and records were erhibited of those early days of the church.

REGARDLESS THE PRICE--- The Same Service

EVERY year we conduct funerals in every price range—funerals for those in moderate circumstances and for people of wealth.—but in every instance, the same expert care and thoughtful attention to detail characterizes each service. The only difference lies in the selection of the merchandise. The family alone decides what shall be the cost of the funeral.

Entered as second lass matter at the post office at Niles California, under Act of Congress March 3, 1879.

Determined a Newspaper of General Circulation by Decree of the Superior Court (Department 6), of Alameda County, California.

MOTIVE

We wonder what the Saturday Evening Post has up its sleeve regarding Texas.

Last week's editorial page was extravagant with praise for the Texas congressional dlegation. This was the second recent editorial of this nature, the first being full of high praise for Texas Jack Garner and the part he played in settling the supreme court packing bill. We hope the Post has no goofy ideas about presidential timber in 1940.

The recent radio speech of Mr. Justice Black regarding his membership in the klan fooled no one. It branded him as a liar and a cheat. Yet there he sits on the highest tribunal of the land, and nothing to be done about it.

MONEY IN WRONG PLACE

There was money aplenty for a fine $1,000,000 highway through Niles which wasn't strictly needed.

There was plenty of money to blow out a perfectly good bridge which could have been saved for emergency.

But Earl Lee Kelly, big shot in highway affairs, says that the reconstruction of two small bridges in the canyon, an improvement which is vitally needed, must wait until thert is enough money available.

The township could have gotten by very nicely without a lot of the improvements on which public money has been lavished. Gut the entire south county district is suffering vitally through the lack of good canyon highway bridges.

What's the matter with these people we put in office and who tax us pretty nearly out of existence?

MRS. WALKER ENTERTAINS FOR OLD FRIEND

DECOTO—Mrs. Walter Walker entertained 16 friends recently in honor of her former school friend, Miss Grace Towner, on her third furlough from Turkey where she is a teacher of English in a boys' boarding school. Miss Towner is working under the board of the Congregational Church.

She exhibited weaving and lace making brought from Turkey and gave a most interesting talk regarding features of the country and advances made during the past 14 years under the regime of the republic. She first went to Turkey in 1912.

While here she visited the California Nursery and talked with George C. Roeding, Jr., whose father was the first to introduce the culture of the Smyrna fig into the United States.

Principals of Southern Alameda County were entertained at a barbecue at Pleasanton this week with V. Bernard Johnson, principal of the Pleasanton Grammar School as host. David Martin, superintendent of schools of Alameda County was the speaker.

The next meeting of the association will be held at the Washington Union High School at Centerville in December.

DOUGHERTY RETURNS FROM FUTURE FARMER CONFERENCE

CENTERVILLE—There will be plenty doing for Future Farmers this season, judging from the report brought back from Salinas last week by Paul Dougherty, agricultural teacher at Washington Union High School. He attended a South Coast Regional Conference of Agricultural Teachers at Salinas. Also from this section were Dale Walfron of Hayward and George Patterson of Pleasanton.

Events scheduled for the year included the following:

Oct. 23, horticultural field day at Campbell under direction of C. E. York.

Nov. 3, regional leadership conference at Salinas for Future Farmer directors.

Nov. 12, public-speaking contest for region at Watsonville.

December, field day for study of animal enterprises at King City with C. A. Thompson in charge.

Feb. 26, Spring regional meeting at Washington Union High School.

April, truck crops field day at Salinas.
